

To all MAVT affiliated clubs, members, competitors, spectators and support personnel.

The corona virus is of concern to the Mid-Atlantic Vintage Trials organization. We care greatly about the Trials community. Many in our group are like family to each other. With these statements in mind for this coming season we suggest extra caution be given to maintaining good health of our "family".

If you are ill, whether with a confirmed case of the Corona virus or you have flu like symptoms, we suggest that you avoid the trials events. Likewise, if you have concern that you may become infected at an event, please avoid attending.

Should our Local, State or Federal governments declare a moratorium on events such as ours we will be forced to cancel them however, at this time, there are no plans to eliminate the currently scheduled Trials.

Thank you for understanding.

Greg Myers for Mid-Atlantic Vintage Trials
